Nursing Welcome Video

Hi. I’m Pam Gladis, a librarian at SMSU’s McFarland Library. This Research Guide is designed to help you navigate library resources as you complete your BSN degree. There are a number of short video clips throughout this guide that are intended to introduce you to resources and teach you tips and tricks to make your research efficient and effective. But these videos are not meant to be a replacement for contacting a librarian with questions. In the “Need Assistance?” box on this page, you’ll see a number of ways you can reach out to a librarian. We are here to help you!

Welcome to SMSU’s McFarland Library!
